We missed our November Meeting due conflicts in my schedule and the Holiday break. Let's not miss getting together in December. I've planned a special holiday meeting after school on

Thursday December 21 from 3:30—5:00.

During that time we will make special Holiday crafts including a personalized calendar that you can give as a Holiday Gift. If you want you can bring in photos to scan for your calendar craft.

STARTING in JANUARY

Thursdays **Tech Savvy Leaders Session—8 weeks**

The Winter Session of Open Doors will be reserved for Tech Savvy Leaders. We will meet every Thursday for 8 weeks to work on Skills and Badges. If you cannot sign up for this session, and are still interested in working as a Tech Savvy Leader, we'd like you to make plans with Ms. DeLaBruere to attend one of sessions each month. Please make arrangements ahead of time.

Wednesday **Tech Savvy Girls Sessions—8 weeks**

A session to help girls work on a project that gets the message out to other girls, that the Tech World is for GIRLS, TOO. Work with tech savvy women and older girls as mentors and role models to help get the word out.

RSVP by returning this form in Ms. deLaBruere's Mailbox..

Yes I will be there for the Holiday Meeting on December 21.

Yes I'm interested in the 8 week Winter Session on Thursday Nights.

Yes I'm interested in the Tech Savvy Girls Project.
